Instructions

1. Take your 6x6 piece of DSP and follow instructions to create an envelope for a 4x3 card on Envelope Punch Board. Burnish Score Lines.
2. Adhere Marina Mist layer inside 'envelope'
3. On your scrap piece of white stamp your banners as shown in the picture. Stripes Banner is done using the Stampin Write Markers (Pistachio Pudding, Summer Starfruit, Crisp Cantaloupe and Pool Party) Chevron Banner & Dash Banner in Smoky Slate, Triangle banner in Summer Starfruit. Punch out with Banner Punch.
4. Ink up "You made my day" from A Dozen Thoughts in Island Indigo and stamp on Whisper White mat. Adhere Banners with Glue Dots or Snail. Using your Smoky Slate Marker create a dashed line as faux twine. Adhere this layer onto your Marina Mist layer inside 'envelope'
5. Ink up 'Just Because' from A Dozen Thoughts and stamp on Whisper White Strip. Using the banner punch feed strip into punch so just the end is fed through and punch to create banner edge. Repeat on other end of strip.
6. Close 'envelope' and adhere banner on front bottom flap ensuring you can still open envelope. This banner will hold the envelope closed when the top flap slides behind the banner.
7. Clean Stamps and pack away.
8. See below for images of the same card using different DSP and Stamps.

I do hope you enjoyed making this card and thanks for stamping with me!
