Cutting & Scoring

- Cherry Cobbler – 30.5cm x 30.5cm (12x12)
 - Cut to measure 30cm x 30cm (11 13/16 x 11 13/16)
 - Score at 10cm and 20cm (3 15/16 and 7 7/8)
 - Rotate and score as above
- Shining Christmas
 - Cut to 6x6
 - Score at 2.5cm (1") on each side (rotating 4 times)

Instructions ...

1. Take Cherry Cobbler card. Cut and score as above.
2. Use Bone Folder burnish score lines.
3. Snip up to each score line on each corner creating flaps. Create a slight diagonal wedge on the inside of each flap. Refer to orange marks on diagram.

I find if you rotate and cut on each corner it makes for a stronger box

4. Apply adhesive to centre panels as shown by grey markings on diagram. Fold flaps in and adhere. Use a strong bond adhesive so it doesn't fall apart.
5. Take Shining Christmas Paper Pack, choose your design and cut 6x6 piece.
6. Score at 2.5cm (1") on all four sides
7. Snip corners as you did for the box creating a little wedge.
8. Adhere flaps to the inside of the sides.
9. Pop onto top of box and your gift box is done

Insert gift, tie with ribbon, add a tag & pop it under the tree!

Finished size is 10.2cm x 10.2cm (4x4)

Use this tutorial for Gift Boxes throughout the year – just use different papers.

Merry Christmas!
